

OWOSSO PEOPLE

Can Always Find the Best of Proof in Home Testimony.

The following public statement comes from a resident, who can be seen on the street, who can be interviewed at her home, and who will be only too pleased to give minute particulars to anyone who really suffers from any of the consequences which inevitably follow weakened or over-excited kidneys.

Is not such evidence of more value than a published statement from some citizen of a far-away place?

Mrs. Fred Morton, of 731 W. Main St., says: "I suffered from constant, heavy aching pain through my loins and if I attempted to stoop I had sharp darting twinges through my back so that I could hardly straighten. At different times I used medicines but they did me no good. When I saw Doan's Kidney Pills so highly recommended I went to Johnson & Henderson's drug store, bought a box and began taking them. I used but a few doses when I felt better and I continued to improve steadily until I was thoroughly cured."

WHOLE DAY OF RIOT,

Closing with a Night Attack on Street Car Barns, Reported from Cleveland.

POLICE ARE NOT IN THE WAY.

Mob Storms the Barns and Smashes Some Cars, but Fails to Get the Non-Union Men It Was After—Other Outbreaks—Council Committee Trying to Secure a Settlement.

Cleveland, June 21.—While the prospects for a settlement of the strike of the street railway men are brighter than they have been at any time since the trouble began, there was more serious rioting yesterday than at any previous time. The disturbances began early in the morning, continued throughout the day, and last night a big mob surrounded the south side barns of the Big Consolidated company, determined to get at the non-union men who were housed there. While the strikers were hurling bricks and stones at non-union motormen and conductors a special committee of the city council was trying to get the representatives of the strikers and the officers of the company together.

Men Submit a Proposition.

It succeeded to the extent of inducing the strikers to submit a proposition in writing and getting the consent of President Everett, of the Big Consolidated, to submit the same to the board of directors today. The strikers' proposition abandons the demand for the recognition of the union, but asks that all the old men be taken back save those who may be convicted in court of destroying property.

These Were Incipient Riots.

There were two incipient riots late yesterday afternoon. At the corner of Central and Willson avenues a crowd of 2,000 persons obstructed the passage of two cross-town cars. Bricks and stones were thrown and the windows of the cars broken. One of the non-union motormen, who gave his name as Chas. Jones, of Grand Rapids, Mich., was hit with a brick and so badly injured that it was necessary to send him to a hospital. Later a car on the south side line was attacked near the suburb of Brighton. The motorman and conductor were chased into the woods by a mob and they had not returned when it came time to stop running cars. No arrests were made in either case.

Attack on the South Side Barns.

The strikers and sympathizers of the south side nursed their wrath all day. They made no attempt to interfere with the running of cars on the Clark avenue line so long as there was police protection, but last evening there was a determined effort to get at the non-union men taken to the Holmden avenue barns to operate the cars from that end of the line. Soon after dark a mob of 5,000 people assembled. There were twenty policemen at the barns, but they were powerless to handle the mob. Fences were torn down and the crowd broke into the barns. In the meantime the non-union men had escaped to the attic and the rioters contented themselves with smashing a few of the cars. By that time several wagon-loads of police had arrived and the mob was dispersed. At another place on the south side switches were torn up and the track blocked.

Newest Style of Sympathy.

Four hundred employees of the Cleveland Foundry company struck late yesterday afternoon because the company refused to discharge a man who had ridden on a Big Consolidated car. The man was a foreman. When it became known that he had ridden on a car the molders went to the officers of the company and demanded his discharge. The officers refused to comply with the demand and all the men walked out of the works. This is the first strike in the nature of a sympathy demonstration that has taken place.

DR. PIERCE'S FAVORITE PRESCRIPTION

Makes Weak Women Strong, And Sick Women Well.

For over thirty years this celebrated remedy has been making women's lives happier—healthier—safer.

Many thousands of women have testified to its wonderful effect.

It is the one medicine that can be depended upon when there is any derangement of the distinctly feminine organism. It purifies, heals, soothes, builds up. It is needed when backaches make life miserable—when a sickening, dragging, bearing-down feeling makes work a weary agony and play impossible—when disagreeable drains give proof of burning inflammation—when sick headache, nervous irritability, loss of energy and appetite are the reminder of unhealthful irregularity of painful periods.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 235 East College Street, Jacksonville, Ill. "I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pains in the lower part of my bowels, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman. Thanks to your medicine. I never forgot to recommend it to all suffering women. I consider myself a living testimonial of the benefits of your 'Favorite Prescription.'"

Dr. Pierce's Pleasant Pellets help the effect of all other medicines by keeping the liver active and the bowels open. At all dealers—get what you ask for.

DINGLEY'S SUCCESSOR.

CHARLES E. LITTLEFIELD.

Dingley, defeating John Scott, of Bath, by an overwhelming majority. Scott polled a smaller vote than when he stood against Dingley in the 1898 election.

ELEVEN MINERS KILLED.

Lost Their Lives by Fire Damp and Explosion in Cape Breton Island.

Halifax, N. S., June 17.—According to an official account of the disaster in the Caledonia mine of the Dominion Coal company at Glace Bay, Cape Breton, yesterday, there were two explosions, the first killing six men and the second five. Fire started near what is known as the deep pump, the cause being unknown.

Six men who were on their way out were overcome by an explosion of fire-damp. Three quarters of an hour later a party of men was on its way to the scene of the fire headed by Thomas Johnson, the underground manager, when an explosion of gas occurred by which they were killed instantly. The bodies of the victims were recovered by a rescue party. All attempts to extinguish the fire have so far proved fruitless.

The men who lost their lives in the disaster are: Thomas Johnson, underground manager; John Doyle and John Doyle, Jr., father and son; Arthur Grant, Alexander McDonald, Stephen McCormick, Rory D. McDougall, Neil McDonald, Malcolm McCauley, William Simpson and Donald Martin. All the bodies have been recovered except that of Martin. Of these men six leave widows, and the orphaned children number twenty-five.

MUCH TROUBLE, LITTLE CASH.

Robbers Crack a Safe and Get for Their Trouble Only \$28.

Manitowish, Wis., June 21.—The safe of the Centerville Brewing company was blown open by three men Monday night and robbed of \$28. The safe-blowers held up Robert Luckner, who was on his way home from Cleveland at 11:20. One of them pointed a revolver at him and the others proceeded to go through his pockets, relieving him of \$3, all the cash he had. They then bound and gagged Luckner, leaving him on the highway, where he was found and liberated by a brewer at 4:30 o'clock yesterday morning. Luckner could hear the men working at the safe until 2:30 yesterday morning. During this time three shots were fired.

Fifty armed men are reported to have surrounded the gang in a swamp two miles from the place of the robbery. Luckner described the men as follows: One was tall, slim, smooth face, wore slouch hat, light gray suit, about 22 years old; man who went through his pockets and appeared to be the leader; medium size, red face, with two weeks' growth of beard, dark suit; third man had a red beard, wore a light suit. Three men who tally with this description were seen on the road near the city limits playing cards a few days ago.

Chicago Mail Thieves Captured.

Chicago, June 21.—What is regarded by Postoffice Inspector James Stuart as one of the largest and boldest mail robberies in the history of the Chicago postoffice was detected yesterday and the arrest of Walter Porter and John Newman, drivers of mail wagons, followed. Porter made a full confession, implicating Newman. The prisoners will not admit that they secured much of value, but declare they would be considerably richer had their scheme not been discovered so soon.

Unexpected Happens at Memphis.

Memphis, Tenn., June 21.—An unexpected verdict was rendered yesterday when a white man of wealth and social influence was convicted by a jury in Judge Cooper's court of murder in the second degree, for the killing of a negro. Greenbury Redditt, a wealthy farmer of this county, shot Maggie Hobbs, a negroess. He was given ten years in the penitentiary.

Gen. Luna Is Probably Alive.

New York, June 19.—A dispatch to The Herald from Manila says that inquiry has established the fact that the reported assassination of General Luna is unfounded. General Luna is alive, the correspondent says, and never even had a quarrel with Aguinaldo.

Monona Lake Assembly.

Madison, Wis., June 20.—The Monona Lake assembly will open the season on July 1, and continue for two weeks. A number of improvements have been made on the grounds, and several cottages erected. The programme is an exceptionally good one.

Done by Ten Masked Thugs.

Philadelphia, June 20.—Ten masked robbers cracked the safe of the Fairmount Park Transportation company, at the station in the park, and got away with \$4,000. In doing the work they bound and gagged six of the company's employees.

Chicagon Dies in New Hampshire.

Hampton, N. H., June 20.—Norman Williams, a prominent lawyer of Chicago, died here last evening. Mrs. Merritt, wife of General Wesley Merritt, is his daughter, and she, with the general, was at the bedside.

From Mrs. Sunter to Mrs. Pinkham.

[LETTER TO MRS. PINKHAM NO. 76,244]

"One year ago last June three doctors gave me up to die, and as I had at different times used your Vegetable Compound with good results, I had too much faith in it to die until I had tried it again. I was apparently an invalid, was confined to my bed for ten weeks. (I believe my trouble was ulceration of womb)."

"After taking four bottles of the Compound and using some of the Liver Pills and Sensitive Wash, at the end of two months I had greatly improved and weighed 155 pounds, when I never before weighed over 138. Lydia E. Pinkham's Vegetable Compound is the best medicine I ever used, and I recommend it to all my friends."—MRS. ANNA EVA GUNTER, HIGGINSVILLE, MO.

Mrs. Barnhart Enjoys Life Once More.

"DEAR MRS. PINKHAM—I had been sick ever since my marriage, seven years ago; have given birth to four children, and had two miscarriages. I had falling of womb, leucorrhoea, pains in back and legs; dyspepsia and a nervous trembling of the stomach. Now I have none of these troubles and can enjoy my life. Your medicine has worked wonders for me."—MRS. S. BARNHART, NEW CASTLE, PA.

CASH URGENTLY IS NEEDED.

Gov. Scofield Appeals for More Aid for New Richmond Sufferers.

Milwaukee, Wis., June 20.—Gov. Scofield came from Madison Saturday to confer with Milwaukee business men and place before them the extreme necessity of the cyclone sufferers in and about New Richmond, and the desirability of greatly increasing the relief fund. The governor said in discussing the calamity:

"It will take many thousands of dollars to place the people of New Richmond on their feet again. They have lost everything and are destitute of all that makes even existence possible. Money is what is needed most. Large quantities of provisions are being sent from the near-by cities and towns, but building material will have to be purchased and mechanics will have to be paid in order to rebuild, all of which will take money."

"As the city is in the center of a lumbering section material can be had there much cheaper than the cost of shipping it from other places. With the necessary cash on hand to pay for it, the local committee can cheaply purchase a stock of lumber."

"The terrible picture of desolation shown in New Richmond has caused the outlying country to be forgotten to a great extent. Along the track of the cyclone at least twenty-five families have been left destitute. Wherever the storm touched it left desolation. Farmers in the track had all their buildings wiped out. We have given these sufferers food and such shelter as we can, but much more will have to be done for them."

BRITAIN AND THE TRANSVAAL.

Americans Will Maintain Strict Neutrality in Any Event.

Washington, June 20.—Because of the large number of Americans and the value of their interests in the Transvaal, the administration is closely watching the developments in the controversy between that country and Great Britain.

There is no intention on the part of the United States to interfere in any way in the dispute and in the case of trouble the strictest neutrality will undoubtedly be observed.

The authorities are hopeful that the trouble will be settled without war, as the latest news from London and the Transvaal seems to indicate.

NEGROES MINERS SHOT DOWN.

Six Hit, Three Probably Fatally Wounded, at Evansville, Ind.

Evansville, Ind., June 21.—Early this morning a party of non-union colored miners was being brought into this city to take strikers' places, when it was fired upon by unknown parties. Six men were shot, three probably fatally.

Birmingham, Ala., June 21.—Two car loads of negroes, many of them experienced coal miners, left on the Kansas City, Memphis and Birmingham railroad yesterday for the Weir City district of Kansas, where they will go to work in the coal mines where a strike has been on for some time. The negroes were gathered in Birmingham district and know nothing of the strike.

Labor Situation at Buffalo.

Buffalo, N. Y., June 21.—Contrary to expectations a general strike of dock workers was not ordered last night. A conference was held by representatives of the various branches of labor along the docks, and after the freight handlers had been urged in vain to return to work it was decided that no action looking to a general strike should be taken until President Keefe, of the Longshoremen's association, arrives here and looks into the situation. In the meantime but little work is being done on the docks. A number of the lake freight boats have been tied up, and the few that are in the harbor are being unloaded slowly by non-union men. As much freight as possible is being directed to the railroads, and the managers at the different freight houses appear altogether indifferent as to whether the strike continues or not.

Six Drowned in a Storm.

Rhineclander, Wis., June 12.—A boating party at Dunbar, east of here on the "So" line, was caught in a storm Monday and the boat capsized, drowning six persons, as follows: William Schubel, daughter Vina and two sons, aged 7 and 13 years, respectively; Gust Frederickson and Charles Anderson. Schubel was a rector foreman and the two last named were railroad laborers. All lived at Dunbar.

"FRIENDLY" FILIPINOS

Show Their Love for Uncle Sam by Starting a Fire in the Rear of Wheaton.

WE LOSE FIVE MEN SHOT TO DEATH.

While Twenty-Five Others Carry Lead Tokens of Tagal Affection.

Manila, June 20, 8 a. m.—Reinforcements arrived at the front where General Wheaton was fighting the rebels, on the Las Minas road, last evening, and the insurgents were chased back to Perez Las Minas. The Americans bivouacked near the town, preparatory to attacking this morning.

Washington, June 20.—The news from Manila yesterday was not great in quantity, but it was significant in quality and showed that the Filipino is fruitful in "ways that are dark and tricks that are [not always] vain." Nothing official was received, but the press dispatches said—dated Manila June 19, 8:20 p. m.—that a battalion of the Fourth infantry, which left Imus yesterday morning to reconnoiter, was attacked in the rear by apparently friendly natives. This brought on a sharp engagement, lasting several hours, resulting in five Americans being killed and about twenty-five being wounded. The loss of the rebels was very heavy.

Filipinos Fire on Gen. Wheaton.

The dispatch said further that the battalion soon exhausted its ammunition, and at 2:30 p. m. Wheaton and his staff, with the Second battalion, two mountain guns and one field piece, went to re-enforce the troops attacked. Gen. Wheaton was fired on in a road and had a narrow escape. Later the Third battalion was ordered to the front and formed on the Las Minas road. Heavy firing on both sides followed, the artillery being freely used. The dispatch said that the fighting was still in progress at 5 o'clock, at which time the Americans had secured a quantity of Filipino arms, which had been abandoned in the woods. The scene of the fight is over twenty miles from Manila.

New Experience for Our Boys.

Manila, June 16, 5:45 p. m.—After cutting the railroad and telegraph at Apalit, seven miles south, for the purpose of severing connection, the rebels attacked General MacArthur's lines at San Fernando at 4:30 this morning. They met with an unexpectedly warm reception and were repulsed with a loss of seventy-five killed, thirty prisoners and many wounded. The rebel force, estimated to have numbered 5,000 men, advanced stealthily from the jungle north of the city, and then divided with the evident purpose of surrounding the Americans. The outposts of the Iowa regiment discovered the enemy and retired to their lines, where the entire division awaited in an entrenched position. The Iowa regiment and the Kansas regiment received the first shock of the attack.

Reserving their fire until the enemy was within 600 yards the first volley of the Americans hit the rebels, who returned the fire wildly, the rest of their line falling to advance. The Americans, who thoroughly enjoyed the novelty of the situation—awaiting an attack—sailed forth and the insurgents thereupon turned and fled into the jungle. Our loss was fourteen men wounded and the majority of them are only slightly hurt. General Funston's brigade of Kansas and Montana troops and General Hale's brigade, the Seventeenth regulars and the Iowa regiment, constituted the force engaged. Aguinaldo is reported to have personally conducted the attack, and preparations were made for several days to bring forward troops from Candaba, and others from Dagupan were transported by rail.

Telegraph Operator Gave the Alarm.

Along the front of the Kansas regiment thirty-nine rebel dead were counted. The first news of the Filipino advance was reported by a telegraph operator who was sent to the bridge at Apalit to ascertain the cause of a break in one of the wires. He was compelled to beat a hasty retreat under fire.

Since the Americans withdrew from Candaba recently the rebels have returned and have wreaked vengeance upon those who befriended the Americans. They slaughtered the natives who surrendered the town and displayed their heads on poles in the public square. The hostile natives of Cebu are more menacing. Mail advises say that hostilities against the Americans have begun there. Colonel Hamer, the American commander, has asked for reinforcements and four companies of the Tennessee regiment have been sent to him from Iloilo.

Jeffries and Sharkey Matched.

New York, June 19.—A match was arranged Saturday for a twenty-five-round bout between Jim Jeffries and Tom Sharkey, to take place in the latter part of October before the club offering the largest purse.

AN OPINION FROM ST. LOUIS.

The St. Louis Republic, alluding to Alabastine, says that this product bids fair to give Grand Rapids "even more fame than her huge furniture factories. This is a covering for walls and ceilings," it continues, "and takes the place of kalsomines, which are very objectionable and even dangerous, on account of the constantly decaying animal and vegetable matter which they contain. Cheap kalsomines, under whatever name, rub and scale off, and have to be washed and scraped off before re-coating, and in fact, spoil any wall to which they are applied. Alabastine, on the contrary, makes a pure and permanent covering, that can be coated and re-coated in keeping walls in repair from time to time, and when applied sets on the wall, growing hard with age. Alabastine is highly recommended as a beautiful and durable wall coating as well as from a sanitary standpoint. Undoubtedly it will soon take the place of all other articles."

Train Robber Found Guilty.

Sedalia, Mo., June 20.—The jury in the case of Ed. J. Stubblefield, charged with the attempted robbery of a Missouri Pacific express train near here in November last, returned a verdict finding Stubblefield guilty and fixing his punishment at ten years' imprisonment in the state penitentiary. The trial of James I. West, Stubblefield's alleged accomplice, begins today.

Paying Off the Cubans.

Havana, June 20.—Col. Randall returned from a three weeks' trip through the country paying the Fourth corps of the Cuban army. He paid 2,740 men. Six hundred more, he thought, were entitled to pay, but their names were not on the list. They will be paid in Havana from supplementary lists Gen. Gomez is now making.

Driven Insane by a Cyclone.

Fort Dodge, Iowa, June 20.—The worst hailstorm ever known in this section visited Dubuque and vicinity Saturday night. At Clare and Gowrie it was accompanied by high winds. A resident of Gowrie was driven insane by the destruction of his home. Heavy damage in the country districts is reported.

A Wrong Notion

It is a mistake to suppose that baby must come with great pain and suffering. An expectant mother need only use the wonderful liniment called MOTHER'S FRIEND to escape the dread, danger, pain, distress and nervousness. Druggists sell this liniment for \$1 a bottle.
